

## Advanced Biosimilars-first Medical Preferred Drug List- Commercial

The Hometown Health Advanced Biosimilars-first Medical Preferred Drug List encourages utilization of clinically appropriate and lower net cost products within the following therapeutic drug classes. The Advanced Biosimilars-first Medical Preferred Drug List includes the listed products only and any other product may be available under a plan's medical benefit.

The listed preferred products must be used first. An exception process is in place for specific circumstances that may warrant a need for a non-preferred product.

<b>Drug Class</b>	<b>Non-Preferred Product(s)*</b>	<b>Preferred Product(s)</b>
<b><i>Acromegaly-Long Acting</i></b>	Lanreotide Acetate Signifor LAR Somavert	Sandostatin LAR Depot Somatuline Depot

<b><i>Autoimmune Infused Other</i></b>	Actemra Cimzia Orencia	Entyvio Illumya Simponi Aria Skyrizi Stelara

\*Non-preferred product(s) are only available if process exception criteria are met.

This list indicates the common uses for which the drug is prescribed. Some medicines are prescribed for more than one condition. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with Hometown Health. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. Listed therapeutic classes and specific drug preferred designations are subject to change based on new drug launches, product approvals, drug withdrawals and other market changes.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.
